

iCoat Advantage

YOUR INDEPENDENT FULL SERVICE LABORATORY

iCoat's has built its success on delivering high quality, technologically advanced optical products and providing state-of-the-art customer service and workmanship.

Precision quality products – iCoat has always focused on supplying premium, precision-engineered products. With 20+ years of experience, iCoat is now a leader in setting pioneering technology standards for the eyewear industry.

Fast and efficient delivery – As an independent laboratory, iCoat operates 24 hours a day, 7 days a week with complete automation and computerized processing to deliver jobs fast and on time. iCoat's fast production and express delivery is a result of skilled craftsmanship, efficient customer service, and completely mechanized job processing.

Live customer support – A team of highly skilled and knowledgeable customer service representatives is always available to help customers with ordering or questions about products and services.

Computerized job processing and tracking – iCoat's full service laboratory utilizes proprietary computer software for automating job processing and for tracking progress through the facility. Computerized automation helps accelerate the flow of jobs from arrival to departure.

Wide range of products and services – iCoat offers a variety of coating products ranging from basic hardcoating to the most advanced super-oleophobic, hydrophobic, anti-static, anti-reflective (AR) treatments available today. iCoat also offers state-of-the-art surfacing and finishing services with a capacity to deliver intricate prescriptions and difficult to mount jobs every time. The stock lens selection covers by far the largest list of manufacturers, materials and styles, maintaining excellent fill rates.

iCoat makes your lenses better through precision-engineered products. Whether it is super-oleophobic AR coating, a stock lens with premium AR, or a prescription you want surfaced, coated, and edged, iCoat has a full line of services delivered fast and on time to meet your needs.

With decades of expertise in coating technology and extensive experience coating millions of lenses annually, iCoat is one of the largest independent full service laboratories in the nation.
