Making lenses better

12020 Mora Drive | Santa Fe Springs, CA | 800.832.2628 | www.icoatcompany.com

provides **durable** anti-reflective lenses that are easy to clean and provides **clear vision** .

provides extreme **resistance** to water and fingerprints, keeping lenses **cleaner longer** .

provides complete **protection** against extreme glare and annoying reflections.

is the most lovable solution for glare **protection** , **comfortable** vision and **better** eye health.

provides **incomparable** scratch resistance and **durability** for the prescription life of the lenses.

is the ultimate solution to **reduce digital eye strain** and **visual discomfort**

- Makes lenses more scratch resistant and durable than ordinary uncoated lenses
- Makes lenses easy to clean
- Provides good protection against harmful glares and ghost images

- Makes lenses scratch resistant and durable
- Extremely protective against moisture, oils, fingerprints and smudges
- Lenses clean easily and stay cleaner for longer durations

- Durable and long lasting scratch protection against daily wear and tear
- Repels dust, dirt, water and smudges for less frequent cleaning

- Minimizes annoying reflections, halo effects and glare for eye comfort and clear vision
- Reduces eye fatigue and headaches due to bright light conditions
- Provides complete protection against harmful UV radiation during your day to day activities

- Two times more scratch resistant than most AR coatings
- Minimal hue, making lenses virtually invisible and cosmetically appealing

- Minimizes potential damage to eyes from harmful blue light
- Reduces digital eye fatigue and blurriness
- Improves contrast and visual clarity
